

7th Swedish Cancer Research Meeting

22-23 May 2025

You are warmly welcome as cancer researcher (pre-clinical, translational, clinical) to participate in the 7th Swedish Cancer Research Meeting (SCRM2025) at Congress Malmö Live 22-23 May 2025.

We hope to strengthen the connections within Sweden's cancer research community and create opportunities for meaningful collaboration. Together, we can advance our understanding of cancer and work towards better treatments.

28 February 2025 Deadline abstract submission

15 March 2025 Deadline early bird registration

30 April 2025 Deadline registration

Programme 22-23 May 2025

We are honored to welcome 4 **Keynote Speakers**:

- Douglas Hanahan, University of Lausanne
- Julian Downward, Francis Crick Institute
- Anna Blom, Lund University
- Jana de Boniface, Karolinska Institutet

We have 3 **plenary sessions**:

• Biomarker Implementation:

- Claus Lindbjerg Andersen, Aarhus University
- Catherine Alix-Panbières, University of Montpellier

• Immunotherapy:

- Magnus Essand, Uppsala University
- Ashani Weeraratna, John Hopkins University

• Cancer Prevention:

- Mary Beth Terry, Columbia University
- Ola Bratt, University of Gothenburg

We have 6 **parallel sessions** with 5 slots where 3 slots are speakers from the different Swedish universities and 2 slots per sessions is reserved for presentations selected from abstracts:

- Cancer Initiation and Growth
- Radiotherapy and Theranostics
- Neuroimmuno-oncology
- Early Detection and Surveillance
- Advances in immunotherapy
- AI, Data-integration, and Multi-omics

Send in an abstract if you are interested to present your research as poster and have the chance to be selected for presentation in one of the parallel sessions.

We will also have poster prize!

Full programme with details on the www.scrm2025.se website

Opportunities for Exchange

The meeting setting provides natural spaces for dialogue and collaboration through:

- Poster presentations – poster sessions both days and possibility to have your abstract to be selected for oral presentations in the parallel sessions. Poster prize for best posters.
- Shared lunches and coffee breaks
- "Meet the speakers" during lunch both days – for young researcher: indicate your interest when registering
- Evening dinner and party
- Meeting space with industry partners
